S2LB

High fidelity, premium quality
Wherever you go

Philips Fidelio S2 headphones are precisely engineered to deliver natural, balanced sound, revealing every detail as the artist intended. Amazing sound presented in a lightweight yet durable design for true comfort and pleasure on the go.

Designed for precision
• High-resolution audio reproduces music in its purest form
• Layered motion control drivers for refined high frequencies
• High-powered 13.5-mm neodymium drivers for exceptional sound
• Engineered metal housing reduces vibration and resonance
• Handpicked, tuned and tested drivers for a precise match

Listen in comfort
• Copper alloy outer housing for lightweight durability
• Anti-scratch high gloss coating for added protection
• Ergonomic earphones fit perfectly while dispersing pressure
• 2 Comply™ Foam Tips for a comfy fit and noise isolation
• Ultra-soft silicone tips in 5 sizes for a custom, snug fit

Created for convenience
• Switch between music and calls with in-line control and mic
• Durable flat cable keeps your headphones tangle-free

PHILIPS

Fidelio

Highlights

13.5-mm neodymium drivers

Each speaker driver is carefully handpicked, tuned and tested before being paired to ensure delivery of the most balanced, natural sound. The 13.5-mm drivers utilise high-power neodymium magnets to deliver deep bass impact, transparent mid-range and refined high frequencies.
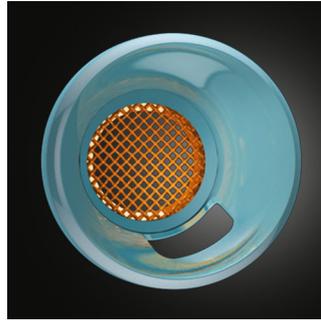

2 pairs of Comply™ Foam Tips

Enhance your listening experience with the Comply® Foam Tips, which come in 2 custom options. The snug S-series tips provide stay-in-place fit coupled with amazing all-day comfort, while the Ts-series ensures excellent noise insulation, allowing you to tune out from the world and into your music.
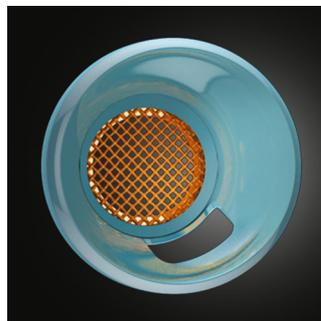

5 sizes of soft silicone tips

The Fidelio S2 in-ear headphones come with 5 pairs of acoustically-sealed silicone tips to ensure a snug fit as well as longer lasting comfort.

Copper alloy outer housing

Copper alloy outer housing for lightweight durability

Engineered metal housing

The metal housing is meticulously engineered to reduce resonance and vibration, delivering authentically precise sound marked by incredible sound detail.

Handpicked, tuned and tested

Each speaker driver is specially tested and handpicked for ideal stereo pairs, together delivering superbly deep bass, transparent mid-range and refined high frequencies.

High gloss coating

The ergonomically designed ear shell is protected by a high-gloss finish, which imparts not only a premium look and feel but also durability and resistance to scratches. The protective coating makes the earphones easy to clean and even easier to bring along with you anywhere you go. Just give them a wipe and they'll look as good as new.

In-line control and mic

The Fidelio S2 in-ear headphones feature an in-line remote and microphone so you can switch easily between your music and calls. Stay connected with important people – and your music, always.
