Highlights

Virtually interference free

Thanks to an advanced digital technology, calls are undisturbed by interferences from other devices.

Up to 300 m range

Move freely in and around the house within a range of maximum 50 meters indoor and up to 300 meters outdoor (in ideal open-air conditions).

Bright illuminated display

Easily read from the phones' illuminated display

Speakerphone - Talk handsfree

Handsfree mode uses a built-in loud speaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or take notes during a call.

Call even during power outage

Take full advantage of the combo concept. Even in case of power outage, you can still use the corded phone to make and receive calls.

2-line amber backlit display

The 2-line amber display makes the navigation through your phone easy.

Loud and clear sound

Loud and clear sound

40-name phonebook in handset

Store up to 40 contacts on your handset. With an additional 30 more contacts which can be stored in the base of the phone.
