Highlights

LED power indicator

This LED indicator confirms at a glance that the unit is charging.

Works anywhere

Even if you're not near a wall or car charger, you can recharge your device's battery with the convenient battery pack. The intelligent battery pack supplies power first, so you can remove the pack after use and still have a full battery on your device.

Works with USB-based devices

The universal unit has a USB connection for use with your USB-based device via the device's USB cable which you already own or can purchase separately.

LED power-indicator light

The discreet LED light glows softly to let you know at a glance that the unit is powered.
