- **Multimedia connections:** USB memory class device
- **Playback Formats:** DivX, MP3, JPEG Still pictures

Connectivity

- **Rear Connections:** Analogue audio Left/Right out, Composite video (CVBS) output, Digital coaxial out, ComponentVideo out Progressive, Scart

Convenience

- **Child Protection:** Parental Control, Child Lock
- **On-Screen Display languages:** English

Accessories

- **Included Accessories:** 2 x AAA Batteries, Quick start guide, Remote Control, World Wide Warranty leaflet, User Manual

Dimensions

- **Set dimensions (W x H x D):** 435 x 38 x 209 mm
- **Packaging dimensions (W x H x D):** 490 x 82 x 296 mm
- **Set weight:** 1.6 kg
- **Weight incl. Packaging:** 2.8 kg

Electricity

- **Power supply:** 50 Hz, 240 V
- **Power consumption:** < 10 W
- **Standby power consumption:** < 0.8 W

Product highlights

DivX Ultra Certified

DivX Ultra combines DivX playback with great features like integrated subtitles, multiple audio languages, multiple tracks and menus into one convenient file format.

Plays it all

Play virtually any media format you want - whether it is DivX, MP3, WMA or JPEG. Experience the unbeatable convenience of great playability and the luxury of sharing media files on your TV or home theatre system - in the comfort of your living room.

192 kHz/24-bit audio DAC

192 kHz sampling enables you to have an accurate representation of the original sound curves. Together with a 24-bit resolution, more information is captured from the original analogue sound wave form, giving a much richer audio reproduction.

Progressive Scan

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, it writes both fields at the same time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.
