Highlights

Digital answering machine

With a digital answering machine, you'll never miss a call or message.

30-minute recording time

Records up to 30 minutes of incoming messages

Illuminated message-counter

Just look at the base station to instantly know whether you have received any messages.

Fotocall

When the phone rings, the screen displays a specific photo you've selected to be associated with the caller. You can quickly and easily identify who's calling you. Additionally, a specific ringtone can be chosen for that caller.

Animated icon-driven menu

Making full use of the vibrant full-color screen, the animated icon-driven menu provides a simplified visual user interface that makes menu navigation very easy.

Great for gaming

Let your phone be your stress relief. Sit back, select a game and set a new high score!

Download through the USB port

Easily transfer pictures, photos or ringtones from your PC to your phone through the USB port.

SIM-card copying facility

With the SIM-card copying facility, you can transfer your whole mobile-phonebook on to your home telephone in a matter of seconds.

Keep in touch by SMS texting

The SMS is a simple way to exchange information over the telephone line. You first type your text off-line and when you are ready, you send it to as many people as you like.
