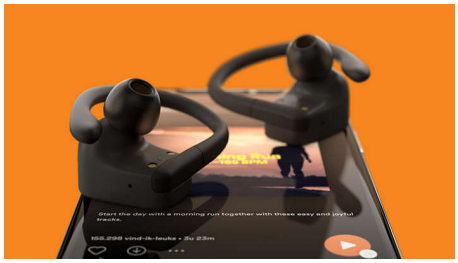
UPC
- UPC: 8 40063 20162 0

Voice assistant
- Voice assistant compatible: Apple Siri, Google Assistant
- Voice assistant activation: Voice controlled
- Voice assistant support

Highlights

Built for your workouts

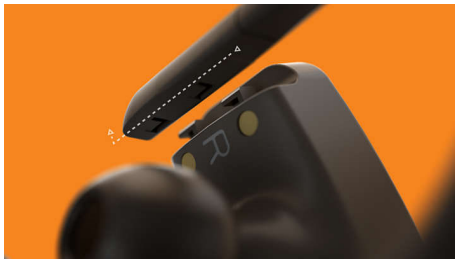


6 mm drivers deliver crisp, clear sound with powerful bass. From your favorite playlists to podcasts and more-move through your day with the sounds that keep you going.

IPX7 waterproof

These true wireless sports headphones are IPX7-rated-which means they can withstand total immersion in water up to 1 m deep for up to 30 minutes. They'll stay in place-no matter how hard you sweat or what shape your ears are.

Detachable ear-hook design



Whether it's a run in the park or an epic HIIT session, the ear-hook design keeps these headphones snug and secure. You get a choice of three different size silicone ear-tip covers, and the ear hooks can be removed when you're not working out.

Clear calls. Mono mode
Wear them both, or wear just one. Mono mode lets you use a single earbud to talk, and you can swap between earbuds without missing a word. Ideal if you're on a long call.

Rock-solid connectivity
The Bluetooth connection is stable, and your headphones are ready to pair the instant you take them out of the charging case. Controls on each earbud make it easy to control music and calls.

Charging case.
A fully charged case gives you an extra 15 hours play time. You get 5 hours play time from a single charge, and a speedy 15-minute charge gives you an extra hour. The case takes 2 hours to charge fully via the included USB-C cable.
