

Philips
Wireless TV headphones

Wireless TV headphones
Bluetooth dongle
Low latency
18 hours play time

TAH6206BK

Great sound. From TV to conference calls.

Whispered revelations. Car chases. Or crystal-clear conference calls. Whether you're relaxing with your favourite show or working from home, these wireless over-ear TV headphones let you hear perfectly. In clear, latency-free sound.

Hear it all

- Every film, every show. Listen without disturbing others
- Clear sound with great bass. 40 mm neodymium drivers
- Over-ear fit. Great passive noise isolation
- Perfect dialogue syncing. Low-latency Bluetooth dongle

Long listening comfort

- Lightweight and comfortable
- 18 hours of play time from a full charge*
- 2 hours charge time. Charge for 15 mins, get an extra hour

Easy to use

- Set up in seconds
- Works with any TV with a headphones-out and USB socket.

PHILIPS

Highlights

Always clear sound

Perfectly tuned 40 mm drivers give clear, sparkling sound with great bass — perfect for everything you love to watch. The full-size ear cups have an over-ear fit for great passive noise isolation. You won't miss a line of dialogue and you won't disturb others.

Bluetooth dongle

A super-stable, low-latency Bluetooth connection ensures that you won't have the

syncing issues that can occur when watching TV with wireless headphones. You'll hear sound effects and dialogue in perfect time with what's happening on screen. On first use, simply press the dongle to pair.

Lightweight and comfortable

The lightweight design is super comfortable—ideal if you're bingeing a late-night series and don't want to upset the neighbours! The headband and soft, cushioned ear cups are adjustable, making it easy to find your best fit.

Set up in seconds

Simply plug the included 3.5 mm cable into your TV's headphones-out socket and connect the dongle to the other end of the cable. Then, plug the dongle into the USB socket of the TV. To connect to your PC, plug the dongle into the USB socket and set up sound configuration accordingly.

18 hours of play time*

With 18 hours play time, you'll never miss a moment of the action. A full charge takes 2 hours via the included USB-C cable—and if you do find you're running low, a quick 15 min charge gives you an extra hour. Perfect for another episode!

Specifications

Sound

- Impedance: 24 Ohm
- Speaker diameter: 40 mm
- Sensitivity: 118 dB (1 kHz)
- Frequency range: 20–20,000 Hz
- Maximum power input: 30 mW
- Driver type: Dynamic
