

wireless portable speaker

- Bluetooth
- White

BT150W/00

Pool party. Shower party. Your party.

Wherever. Whenever. This waterproof Bluetooth speaker packs chunky bass into a tiny package and gives you surprisingly big sound. You get eight hours play time and audio-in. From the pool to the shower-make it your kind of party.

Benefits

Turn it up. In the pool. In the shower.

- Waterproof to 1 m for up to 30 minutes. IPX7-rated
- 8 hours play time. USB charging. Micro USB cable included
- 1.5" full-range speaker. A passive radiator boosts bass
- Anti-clipping function. Play it loud without distortion

Music or calls

- Built-in mic. Take your calls via the speaker
- Audio-in. Connect to almost any source

Features

Waterproof and ready to go

Poolside, lakeside, in the shower. This waterproof IPX7-rated speaker floats and can withstand being submerged in depths of up to 1 m for up to 30 minutes.

- Up to 10 m wireless range

Bring the tunes. Anywhere.

- Buttons on speaker for play and volume/skip tracks
- Finely knitted detachable carry strap
- Hang it from your bag, or on your bike. 9.5x9.5x3.8 cm
- LED lights around the speaker grille. Blue/random colors

8 hrs play time. USB charging.

The battery gives you 8 hours play time from a full charge. Charging takes around 3 hours, and is easy via the included micro USB cable.

PHILIPS

Control your music

Control the music from buttons on the side of the speaker. Press for play and double-press the volume up/down buttons to skip tracks. The speaker grille has LED lights that glow a steady blue, or flash random colors.

Crisp sound. Punchy bass.

The 1.5" full-range speaker delivers crisp, clear sound even when you play it loud. A passive radiator boosts the bass giving you that much more punch on the low-end tones.

Built-in mic

Power on the speaker and it's ready to pair with your Bluetooth device. The wireless range is 10 m and the built-in mic lets you take calls out loud. When a call comes in, the music pauses automatically.

Audio-in for easy connection

Want to connect to an external audio source like a turntable or MP3 player? The audio-in socket at the back of the speaker lets you connect to almost any electronic device.
