Wall charger

USB A and USB C charging ports

Power Delivery

QC 4+

PPS

DLP2682CW

Wall charger with 2 charging ports, USB-C and USB-A

65 W with QC 4+ and PD 3.0

Charge your laptop and latest devices from a USB-C port. Supports PD 3.0 and QC 4+ charging modules to minimise the charging time. USB-A port for charging your other devices simultaneously. Available with detachable EU, UK and AU plugs.

Superior Charging Design

- Smart protection against overheating, overvoltage and overcurrent
- 50% charge in 30 minutes
- Wall charger with GaN technology
- Charging using USB-C Programmable Power Supply (PPS)

Top Performance

- USB-C port with Power Delivery support

Highlights

USB-C port with PD

USB-C is the latest charging connector standard, which is now adopted by mobile devices such as mobile phones, cameras and tablets. PD (Power delivery) is the USB standard for power delivery for more power and fast charging.

Smart Protection

Smart protection against overheating, overvoltage and overcurrent

Charger with GaN technology

Wall chargers that adopt GaN (Gallium Nitride) technology will use less electrical components with better heat performance. These compact chargers can provide more power with faster

charging times, so they are capable of delivering power to modern laptops with USB-C connection.

50% charge in 30 min

Fast charging - charge your mobile phone from 0 to 50% in 30 minutes time.

Programmable Power Supply PPS

PPS (Programmable Power Supply) is a standard for fast charging technology for USB-C devices. This technology adjusts the voltage and current in real time, depending on a device's charging status, feeding it with maximum power. A smart way to safely reduce charging time.

Outer Carton

Length: 34.3 cm

Number of consumer packages: 36

Length: 13.5 inch

Width: 25.3 cm

Gross weight: 8.99 kg

Height: 35.5 cm
