- Weight: 0.69 kg
- Weight incl. Packaging: 0.82 kg

Power

- Battery type: 6F22
- Battery voltage: 9 V
- Number of batteries: 1

Highlights

Big display

The large display enables easy readability of the content on the screen. Now you can read the time and alarm easily, even from a distance. It is ideal for the elderly or the visually restricted.

Dual alarm time

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other to wake up your partner.

MW/FM tuner

MW/FM tuner

Easy alarm/time set

Easy alarm/time set

Wake up to the radio or a buzzer

Wake up to sounds from your favourite radio station or a buzzer. Simply set the alarm on your Philips Clock radio to wake you with the radio station you last listened to or choose to wake up with a buzzer sound. When the wake up time is reached, your Philips Clock radio will automatically turn on that radio station or trigger the buzzer to sound.

Sleep Timer

Sleep timer lets you decide how long you want to listen to music, or a radio station of your choice, before falling asleep. Simply set a time limit (up to 1 hour) and choose a CD or radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch to a power-efficient and silent stand-by mode. Sleep Timer lets you fall asleep to your favourite CD or radio DJ without counting sheep, or worrying about wasting electricity.

Repeat alarm

To counter oversleeping, the Philips Clock radio has a snooze feature. Should the alarm ring and you wish to continue sleeping a bit longer, simply press the Repeat Alarm button once and go back to sleep. Nine minutes later the alarm will ring again. You can continue to press the Repeat Alarm button every nine minutes until you turn off the alarm altogether.
