Quick Start Guide

Note

- In some countries, you have to connect the line adaptor to the line cord, then plug the line cord to the line socket.
- In multi-handset packs, there are additional handsets and chargers with power supply units.

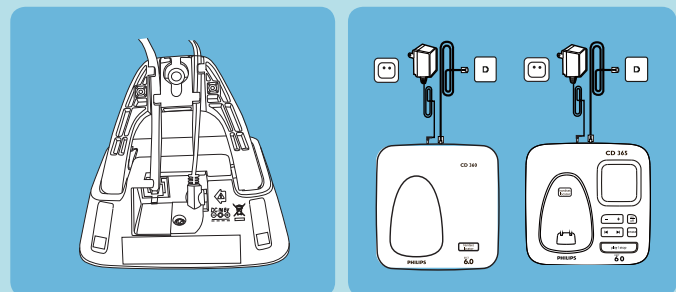

Caution

- Use only the supplied batteries and adaptor

1

Connect

Connect the base station

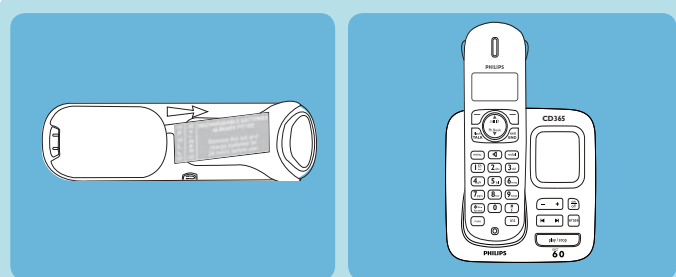

- 1 Connect the output plug of the power socket to the bottom of the base station.
- 2 Connect the power socket to a standard wall outlet.
- 3 Connect the telephone line cord to the phone socket at the bottom of the base station and the wall phone socket.

2

Install

Install the handset

- 1 The batteries are pre-installed in the handset. Pull the battery tape off from the battery door before charging.
- 2 Place the handset on the base station to power up.

Note: Charge the batteries for 24 hours before first use.

For more information on the battery icon status, see the User Manual.

3

Enjoy
