# Highlights

## Easy color coding

To make recognition of the most common battery sizes easier, we use color coding for battery sizes according to industry standards.

## Language-free symbols

Universal language-free symbols on the packaging explain how and where the battery can or should be used.

## Ultra high energy

Excellent for use in high energy devices.

## Complete range

Philips offers a complete portfolio consisting of the most frequently used batteries (AA, AAA, C, D, 9V) in different packaging variations in order to meet your needs.

## Shelf life up to 10 years

Every battery suffers from energy loss when not in use. We guarantee that the battery contains at least 80% of its initial energy within the best before date.
