Highlights

Lithium photo technology

The Lithium photo technology ensures that your camera has a long operating time regardless of the various temperature conditions.

Suitable for APS cameras (CR2)

This product is suitable for APS cameras (CR2).

Reliable performance

Excellent technology is used in manufacturing to guarantee reliable and long-term performance.

Easy colour-coding

To make it easier to recognise the most common battery sizes, we use colour-coding for battery sizes according to industry standards.

Language-free symbols

Universal language-free symbols on the packaging explain how and where the battery can or should be used.

Shelf life up to 10 years

Every battery suffers from energy loss when not in use. We guarantee that the battery contains at least 80% of its initial energy within the best before date.
