# Highlights

## Cadmium, Mercury and Lead free

These Philips batteries are guaranteed free from harmful heavy metals such as Cadmium, Mercury and Lead.

## Language-free symbols

Universal language-free symbols on the packaging explain how and where the battery can or should be used.

## Complete range

Philips offers a complete portfolio consisting of the most frequently used batteries (AA, AAA, C, D, 9V) in different packaging variations in order to meet your needs.

## Easy color coding

To make recognition of the most common battery sizes easier, we use color coding for battery sizes according to industry standards.

## Holds power up to 10 years

Every battery suffers from energy loss when not in use. We guarantee that the battery contains at least 80% of its initial energy within the best before date.

## Green Eletron dispose battery

To contribute to the environment and human health, use our reverse logistics partner Green Eletron to dispose of batteries in a responsible manner. See the website <https://www.greeneletron.org.br/pilhas> for information on collection points.
