Highlights

Easy colour-coding

To make it easier to recognise the most common battery sizes, we use colour-coding for battery sizes according to industry standards.

Language-free symbols

Universal language-free symbols on the packaging explain how and where the battery can or should be used.

Shelf life up to 7 years

Every battery suffers from energy loss when not in use. We guarantee that the battery contains at least 80% of its initial energy within the best before date.

Cadmium, Mercury and Lead-free

These Philips batteries are guaranteed free from harmful heavy metals such as Cadmium, Mercury and Lead.
