- Number of consumer packagings: 2

Highlights

imagen Pro for vibrant colors

The unique Philips imagen enhancement technology automatically analyzes your photos to correct color and adjust for optimal contrast. imagen Pro is a more advanced image enhancement which includes the 3 essential elements from imagen to have more color accuracy, color depth and smart contrast. On top of these, imagen Pro offers enhanced skin color, sharper images and flicker-free photo viewing which is very important for still pictures.

4:3 perfect frame ratio

Philips digital PhotoFrame ensures your photo to be displayed in 4:3 ratio for the best viewing experience.

Customize with snap-on frames

Included are 2 beautifully designed and cheerful frame accessory. Pink for girls and blue for boys - sweet dreams guaranteed. Simply snap on.

Automatic slideshow

Automatic slideshows start from any USB drive or memory card for all those moments you don't want to spend time copying photos to your PhotoFrame.

Baby Animated Clock

Switch to this fun and colorful clock when you don't need to view photos. Instantly, your PhotoFrame become a clock. The Animated Kiddie Clock is ideal for children and it is a great tool to teach them to tell time.

RadiantColor

RadiantColor is an exclusive Philips technology for displaying smaller photos in the optimal 4:3 ratio by extending the color on the edges of a less-than-full-screen photo to the sides of the screen, eliminating black bars and aspect ratio distortion.

Eco-friendly Photoframe

Philips PhotoFrame are designed and produced according to our EcoDesign principles aimed at minimizing overall environmental impact, through lower power consumption, removal of hazardous substances, lower weight, more efficient packaging and better recyclability.

Auto on/off display

A timer turns PhotoFrame on and off at the hours you select, reducing energy consumption for the sake of our environment saving up to one third of your PhotoFrame energy costs.
