# Highlights

## Nickel-plated connectors

Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

## Quality construction

Quality construction uses only top grade materials to create products of extended durability.

## Bare copper shielding

Bare copper shielding protects against signal loss.

## Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

## Moulded plug

Moulded plugs ensure secure connections between components and offer extended durability.

## Flexible PVC Jacket

Flexible PVC jacket provides protection to the delicate core of the cable. It also offers extended durability and ease of installation.

## Rubber strain relief

Rubber strain relief provides a secure yet flexible juncture between the cable and the plug.
