- Stable mount on any monitor laptop or desk
- Create V-mails and control your webcam with VLounge Premium
- VLounge QuickLaunch button for instant operation
- Compatible with MSN, Skype and other free messaging services

PHILIPS

Highlights

Add top-quality video

The webcam has been designed to add video to your internet calls so you can see as well as hear your friends and family online. It works easily and instantly and is entirely future-proof!

Automatic face tracking

The state-of-the-art camera software automatically detects your face and moves the lens to follow you as you move. You stay in the center of the image even if you move during a video conference. It gives you the freedom to express yourself and converse naturally.

Rotating lens

Rotating lens for perfect aiming and natural images. You can get the right camera angle quickly and easily without having to put things underneath it to change the tilt.

Built-in digital microphone

The built-in digital microphone allows you to talk naturally and freely or to add sound to a video clip recording.

30 frames per second video

Sit back and enjoy superior viewing with 30 frames per second video. This gives you smoother video images and a better all-round video-chatting experience.

Super VGA resolution

The webcam captures Video Graphics Array (VGA) quality (640x480) snapshots and flicker-free video clips for video mails. With VGA resolution, your webcam becomes a professional level camera. Add high quality photos to documents, webpages and e-mails in an instant, or print out photo-quality images.

Precision glass lens

Sharp, crisp and clear. Precision glass lens guarantees you high image quality for all applications - from snapshot to video messaging. The finished lenses are coated with a special film to extend their working life and protect them from wear and tear and dust accumulation.

5x digital zoom

Zoom in and out to get the perfect framing for any image. You control the zoom entirely via the onscreen interface while you're looking at the image so you can adjust it perfectly.

Stable mount

The multifunctional stand makes it easy for you to mount the webcam on any monitor, laptop, notebook or flat surface.

VLounge Premium

Create and send V-mails in seconds. VLounge is sophisticated software for capturing, managing and archiving snapshots and video clips with just a couple of mouse clicks. You can also use it to operate face tracking and digital zoom for maximum control.

VLounge QuickLaunch button

To start up the VLounge application, simply press the QuickLaunch button

Compatible with MSN and Skype

The webcam and its software have been designed with all messaging systems in mind. Add video to Skype, MSN Messenger, Yahoo!, AOL Messenger and other free messaging services. It also works with Windows Messenger and NetMeeting for multi-person video-conferencing and is designed to be future-proof.
