Highlights

Qi wireless technology

The wireless charging, Qi technology, is widely adopted by smartphones and other mobile devices. Philips wireless chargers are compatible with phones and other devices enabled with Qi wireless technology. Simply put the devices on this pad and you will enjoy the effortless charging experience.

Charges through most cases

The wireless charger offers long charging distance that can charge through most phone cases

Fast 10W wireless charging

For 10W charging performance, a Quickcharge charger is required. It identifies the charging standard of your wall charger or power strip to provide faster charging automatically.
