Highlights

Choice of 3 pairs of ear caps

Ear caps come in a choice of 3 sizes – small, medium and large – for a personalised and perfect fit.

Efficient 8.6 mm drivers

Small and efficient 8.6 mm speaker drivers deliver clear sound for enhanced listening enjoyment on the go.

Ergonomic oval sound tube

The oval shape of the sound tube came about based on extensive research on the human ear. Designed to fit any ear comfortably, the ergonomic shape ensures optimal fit and comfort for total music enjoyment.

Noise-isolating ear caps

Ultra-small in-ear design ensures a snug and comfy fit to block out ambient noise, while the closed structure delivers enhanced bass performance.

Reinforced cable relief

To extend the life of your headphones, a soft rubber relief between them and the cable protects the connection from damage through repeated bending.
