- Party light effects. Blaze to the music
- Karaoke features:echo, female/male voice switch, vocal fader

# PHILIPS

# Highlights

## Pumping bass

This powerful speaker has everything you need to get the party started right! With powerful sound and huge, pumping bass, you'll fill the room with beats. 14 hours play time from a single charge lets you rock the tunes all night.

## Blaze to the music

Get everyone up and dancing with party light effects. Colored lights on the speakers pulse in time to the music, flash in different orders, or stay on in a steady glow.

## Sing it. Play it.

Mic and guitar inputs (6.3 mm) let you take the party up a notch. Sing to a playlist, or rock out to your own playing. You can even fade out the vocals of a song you're singing along to, so only your voice is heard. Fun karaoke effects give you the ability to add echo to the vocals, or switch vocal sounds from female to male and back again!

## Take the party with you

The built-in carry handle means you can play wherever you like. Take the tunes to a friend's house. Set up on the basketball court. You can even pair with another Philips TANX200 party speaker using the 3.5 mm line-in connection.

## Big sounds, easy pairing

Pairing with your Bluetooth device is simple. Just press the Bluetooth button and the speaker is ready to pair. The wireless range is 10 m.
