Highlights

Nickel-plated connectors

Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

High-purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.

Bare copper shielding

Bare copper shielding protects against signal loss.

Colour-coded connectors

Colour-coded connections make it easy to install your cable into the correct inputs and outputs

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Includes M/M Adapter

Male/Male adapter included for versatile application of product.

Moulded plug

Moulded plugs ensure secure connections between components and offer extended durability.

Flexible PVC Jacket

Flexible PVC jacket provides protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief

Rubber strain relief provides a secure yet flexible juncture between the cable and the plug.
