Product highlights

TV remote control

Easy to use with large buttons for channel selection and volume, this remote control is simplicity itself.

Splash and shock resistant

The tough housing can withstand splashes and spilled drinks, and is able to withstand a drop of at least one metre onto a hard floor.

Pre programmed for Philips

If you have Philips equipment, you can use your universal remote control without programming it because all keys are preset for Philips.

Auto brand search

Getting your new remote control working is simply a case of having your remote automatically search for the most suitable code for your equipment.
