8 Connect antenna or cable (optional)

1. When the setup wizard is complete, select the Live TV tile from the home screen. 2. Follow the on-screen instructions. . Whenever you want to watch local broadcast TV, select this tile.

While in the live TV input, you can use your remote to access additional features. • D-Pad left: Pressing this key brings up the smart guide, a list of antenna TV channels. Play/Pause: Pause live TV for up to 90 minutes when a 16 GB USB drive is connected. RWD scan and FWD scan: Allows you to fast forward and rewind while using the Live TV pause feature. • D-Pad left and right: Allows you to scroll through the paused Live TV and select scenes.

• Live TV Pause can pause content received on the antenna TV input for up to 90 minutes and requires a 16 GB or larger USB drive and a valid Roku account. All data on the USB drive will be deleted prior to use.

With the tuner built-in you can connect your TV to antenna or cable (free cable only, does not work with cable TV using a set-top box)
