- Hi-Res Audio. Hear every detail
- Line-in cable port for wired listening

PHILIPS

time or talk time. Two levels of fast charging: Rapid Charge and Quick Charge, give you an extra 2 or 6 hours play time. So you can keep listening Monday to Friday, and beyond.

Detailed sound. Powerful bass

Perfectly tuned neodymium acoustic drivers deliver deep bass and clear midrange frequency

Different folding design

These wireless headphones boast soft ear-cups that fold neatly in two configurations. You can fold them flat, perfect for storing in your office drawer. Or you can fold them flat and inwards, creating a compact bundle that fits into coat pockets and bags.

Quick Charge.

Two levels of fast charging: Rapid Charge and Quick Charge, give you an extra 2 or 6 hours play time. So you can keep listening Monday to Friday, and beyond.

Rapid charge.

If you need even more power, just 5 minutes on charge will give you another 2 hours play.

Noise and echo cancellation

No more of those annoying echoes when you are talking on the phone. With our acoustic echo cancellation, you always get a clear, undisturbed connection.

Multi-function button.

Easily control music and calls via the multi-function button. Don't like the current track. Skip it with a long press. Want to reject a call and keep listening. A simple button-press takes care of that.

Smooth, adjustable headband.

Soft ear-cup cushions cover your whole ear, creating a seal that passively isolates external noise. The headband is light, easily adjustable, and smooth: there'll be no getting these headphones tangled in your hair.

Passive noise isolation

creating a seal that passively isolates external noise.

Hi-Res Audio

Twinkling pianos. Blistering rock. Whatever you love, Hi-Res Audio headphones let you feel the full impact of every note. When wired to a Hi-Res source, you'll get the full benefit of lossless audio that's recorded at a higher sample rate than CDs, for a brilliantly lifelike performance.
