# Highlights

### 40mm quality neodymium driver

High quality 40mm neodymium drivers reproduce a wide frequency range, accompanied with crystal clear, deep and rich bass.

### Closed acoustic design

Be part of the city's buzz but not its noise. With the closed acoustic on-ear design, every sound detail is isolated, allowing you to enjoy greater music detail as well as extended and dynamic bass.

### Flexible metal arm design

Inspired by bike wiring, the earshells and headband are connected by lightweight but durable metal wiring, ensuring secure long-wearing comfort.

### On-ear soft cushions

On-ear soft cushions comfortably hug the contours of your ears for the best possible fit – whatever your head shape. Immerse in your music for as long as you like – in fact, they feel so good that you may even forget that you have them on!

### Precisely tilted earshells

Pre-tilted earshells perfectly fit your ear's natural angle, providing an excellent sound seal so you can truly immerse in your music.

### Stylishly embossed headband

Inspired by chic monogram branding, the CitiScape Fixie's headband is innovatively embossed as a distinct fashion statement. Step out in comfort and bold style.
