

Philips  
Cordless phone with  
answering machine

25-min answering machine

1.8" display/amber backlight  
Speakerphone  
2 handsets

D4052W

## Comfortable and convenient

With a curved shape for in-call comfort and the natural voice reproduction of HQ-Sound, relaxed conversations are effortless. Useful features like a large, full graphic display and backlit keypad make staying in touch even easier.

### As convenient as it should be

- Large 4.6-cm (1.8") full graphical display
- Up to 25 minutes of messages on your answering machine
- Contoured handset design for in-call comfort
- Keypad backlight for fast access even in dark rooms
- Textured back cover for non-slip grip
- Up to 16 hours of talk time on a single charge
- Silence mode for more privacy
- Caller ID – so you always know who is calling\*

### Exceptional sound

- HQ-Sound: high quality acoustic engineering for superb sound
- Freestanding handset with a speaker for easy hands-free calls
- MySound profiles to match your sound preference

### Eco-conscious product

- Low radiation (ECO and ECO+ modes) and power consumption

Cordless phone with answering machine  
25-min answering machine 1.8" display/amber backlight, Speakerphone, 2 handsets

D4052W/05

# Highlights

## 4.6-cm (1.8") graphical display

Large 4.6-cm (1.8") full graphical display

## Contoured handset design

Designed for maximum in-call comfort, the handset fits naturally against the curve of your face.

## Eco-conscious model with ECO+

**ZERO**  
power  
emission

Philips phones are energy efficient and designed to be respectful to the environment. When ECO mode is activated, the emitted radiation is reduced by up to 60%, and up to 95% when the phone is charging. With ECO+ mode activation, the radiation drops to zero.

## Handset speakerphone

Hands-free mode uses a built-in loudspeaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

## HQ-Sound

Philips cordless phones with HQ-Sound build upon decades of experience and breakthrough innovations in developing Hi-Fi audio products and high-end headphones to deliver excellent voice clarity on our DECT phones. When it comes to improving sound quality, our acoustics engineers and architects have thought of everything – high-quality components, digital signal processing, precise acoustic design, advanced testing and fine-tuning. The result is sound that is crisp, clear and authentic. Sound so good and natural, it is almost like being there in person.

## Non-slip grip

The rear of the handset is treated with a special texture for added comfort and better grip.

## Silence mode

Value your privacy and quiet at home? Easily disable the ringtones for specific "no call" times to enjoy peace and silence.

## Up to 16 hours talk time

Up to 16 hours of talk time on a single charge

## Up to 25 min. recording

Up to 25 minutes of messages on your answering machine

## Caller ID\*

Sometimes it's good to know who's calling before you answer. And our Caller ID lets you keep track of who's on the other end of the line.

## Keypad backlight

The soft amber backlight makes keys easy to read in low light conditions and at night.

# Specifications

## Picture/Display

- Display size: 4.6 cm/1.8"
- Display type: FSTN — dot matrix
- Backlight: Yes
- Backlight colour: Soft Amber

## Answering Machine

- Recording time capacity: up to 25 minutes
