Highlights

Virtually interference free

Thanks to an advanced digital technology, calls are undisturbed by interferences from other devices.

Enhanced speakerphone

Combine a high quality speaker, sophisticated signal processing, a real acoustic chamber and full duplex handsfree and you'll get the most natural reproduction of a conversation. Both sides can speak and be heard at the same time, like in a face-to-face conversation.

Unique acoustic design

Our unique acoustic design provides a high-quality, rich communication experience. A best-in-class system designed for superb call clarity.

Enhanced Hi Def Voice

Enjoy high quality conversation, with a level of clarity rarely heard before. Thanks to a high-quality speaker, sophisticated technology and to a real acoustic chamber, the audio spectrum reaches far beyond what's normally heard on a telephone.
