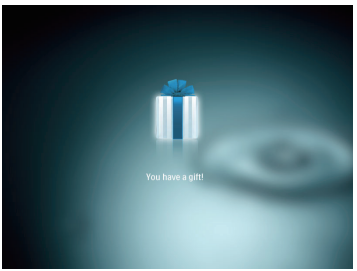
1 Insert a storage device into the PhotoFrame.
   ↪ An option menu is displayed.
2 Select an option, and then press **OK**.
3 Follow the on screen instructions to:
   - Play media on the storage device
   - Browse media on the storage device
   - Copy media on the storage device to PhotoFrame

View a created message

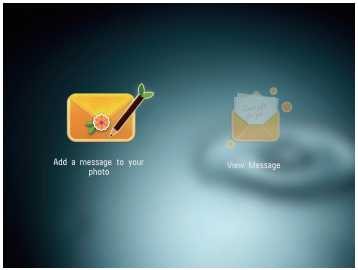


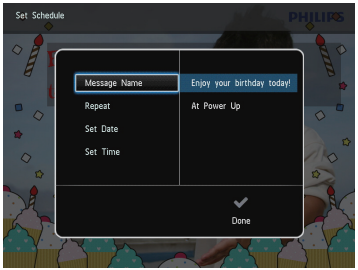
View a pop-up message:
If you have a pop-up message, the PhotoFrame prompts that you have a gift. Then, press **OK** to view the message.

View a message via the home screen:

1 In the home screen, select **[Message]** and then press **OK**
2 Select **[View Message]**, and then press **OK**.
3 Move the joystick right/left to select a message, and then press **OK** to view the message.

Create a message





Tip

- If there is no message created before, at power up select **[Personalize Frame]** to add a message to your photo or to view a message.

1. In the home screen, select **[Message]** and then press **OK**.
2. Select **[Add a message to your photo]**, and then press **OK**.
3. Move the joystick right or left to select a message template, and then press **OK**.
   - Add music to the message.
   - Edit the text of the message or change photo of the message.
   - Set the real time and date if applicable.
4. Select **[Done]**.
   ↳ The screen prompts you to schedule the message.
5. Schedule the message.
   - **[Message Name]**: Enter the name
   - **[Repeat]**: Select a repeat frequency
   - **[Set Date]**: Set the date or day
   - **[Set Time]**: Set the time
6. After you schedule the message, select **[Done]** and then press **OK**.

- **To view the available messages**, select **[View Message]**.
- **To go back to the home screen**, press and hold ⌂.
