Step A *Connect*

1 Connect the speakers to the **SPEAKERS** (8ohm) terminals with two speaker cables. Right speaker to "**R**" and left speaker to "**L**", red wire to "**+**" and silver wire to "**–**".

2 For radio reception, connect the supplied MW loop antenna wires to the **AM AERIAL** jack.

> *Tip*
> *It is unnecessary to connect the FM pigtail antenna since it is fixed to the main unit.*

3 Connect the serial port marked **CONTROL CABLE** at the rear of the DVD player to the same port at the rear of the power amplifier with the supplied control cable.

4 Connect the **VIDEO OUTPUT** jack at the rear of the DVD player to the video input jack on the TV using the supplied video cable (yellow).

> *Tip*
> *See the User Manual for other TV connection options.*

**5** Connect the power cord of the DVD system to the AC power outlet.
