Guarantee

*You may find in the box the line adaptor delivered separately from the line cord. In this case, please plug first this line adapter onto the line cord before connecting it to the line socket.

Make sure you have all these items in the box. For missing item(s), contact your dealer.
In multi-handset packs, you will find additional handsets, chargers, power supplies, and batteries.
1 Connect

A Connect the base station
- Insert the plug of the power cord into the socket on the bottom of the base station.
- Insert the plug of the line cord into the socket on the bottom of the base station.
- Plug the power supply unit into your power outlet.
- Plug the line cord into the line socket.

OR

2 Install

Always use rechargeable batteries.

A Insert batteries

B Charge handset for 24 hours

If the batteries are completely exhausted, the handset will not be able to power-on immediately. Handset may get warm during initial charge. This is normal.
