

Philips SoClear
Cordless phone

- 3000 series
- Silver

XL3901S

Comfortable and simple

Easy to see, easy to hear

This comfortable and user-friendly phone has been specially designed to be simple to use. With extra-large buttons and a bigger screen, making calls is easy. And with extra loud sound capabilities, you can set the volume to suit you.

Hear everything loud and clear

- Extra loud sound for clear voice reproduction
- Handset speakerphone allows you to talk hands-free
- Hearing aid compatible - reduces unwanted noise
- Optimised antenna layout for great reception in any room

Smart, simple and easy to use

- Extra loud ringer, so you never miss a call
- Large display and easy to read characters
- Instantly call your loved ones via speed-dial keys
- Ultimate convenience through easy setup
- Up to 17 hours of talk time

Eco-conscious product

- Zero power emission when ECO+ mode is activated
- Low power consumption: < 0.6 W in stand-by mode

PHILIPS

Highlights

Easy setup

Ultimate convenience through easy set up.
Simplified installation - Plug and Play product

Extra loud ringer

Extra loud ringer, so you never miss a call

Extra loud sound

Extra loud sound for clear voice reproduction

Handset speakerphone

Hands-free mode uses a built-in loudspeaker to amplify the voice of the caller, allowing you to speak and listen during a call without holding the phone to your ear. This is especially useful if you want to share the call with others or simply multitask.

Hearing aid compatible

Hearing aid compatible - reduces unwanted noise

Instant calling

Instantly call your loved ones via speed-dial keys

Large, easy to read display

Large display and easy to read characters

Optimised antenna layout

Our optimised antenna layout ensures strong and stable reception, even in areas of the

house where cordless transmission is difficult. Now you can take a call wherever you are in the house, and enjoy a long, uninterrupted conversation even as you walk around.

Up to 17 hours talk time

The phone can support up to 17 hours of conversation on a single charge.

ECO+ mode

The ultimate mode to save transmitting power.

Low power consumption: < 0.6 W

Philips phones are energy efficient and are designed to be respectful to the environment. The power consumed in stand-by mode is now less than < 0.6 W.
