Safety

Read and understand all instructions before you use this DVD player. If damage is caused by failure to follow the instructions, the warranty does not apply.

Risk of electric shock or fire!

- Never expose the product and accessories to rain or water. Never place liquid containers, such as vases, near the product. If liquids are spilt on or into the product, disconnect it from the power outlet immediately. Contact Philips Consumer Care to have the product checked before use.
- Never place the product and accessories near naked flames or other heat sources, including direct sunlight.
- Never insert objects into the ventilation slots or other openings on the product.
- Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- Disconnect the product from the power outlet before lightning storms.
- When you disconnect the power cord, always pull the plug, never the cable.

Risk of short circuit or fire!

- Before you connect the product to the power outlet, ensure that the power voltage matches the value printed on the back of the product. Never connect the product to the power outlet if the voltage is different.
- Never expose the remote control or batteries to rain, water or excessive heat.
- Avoid force coming onto power plugs. Loose power plugs can cause arcing or fire.

Risk of injury or damage to the product!

- Visible and invisible laser radiation when open. Avoid exposure to beam.
- Do not touch the disc optical lens inside the disc compartment.
- Never place the product or any objects on power cords or on other electrical equipment.
- If the product is transported in temperatures below 5°C, unpack the product and wait until its temperature matches room temperature before connecting it to the power outlet.

Risk of overheating!

- Never install this product in a confined space. Always leave a space of at least four inches around the product for ventilation. Make sure that curtains or other objects never cover the ventilation slots on the product.

Risk of contamination!

- Remove the battery if it is exhausted or if the remote control is not to be used for an extended period of time.
- Batteries contain chemical substances, they should be disposed of properly.

Risk of swallowing batteries!

- The product/remote control may contain a coin type battery, which can be swallowed. Keep the battery out of reach of children at all times!

Control and play

Note

- When "X" appears, it means that this operation is unavailable for the current media or at the current time.

Media	Function	Buttons / Actions
	Stop the play	■
	Pause or resume the play	▶
	Skip to the previous/next title, chapter, track, or file	◀ ▶
	Select an audio language or audio channel	AUDIO
	Select a subtitle language	SUBTITLE
	Return to the home page	⬆
	Return to the root menu	↶ BACK
	Return to the disc menu	DISC MENU
	Enable or disable the PBC (playback control) feature	DISC MENU
	Select a repeat mode	1) Press REPEAT/REPEAT A-B . 2) Press ◀◀ / ▶▶.
	Repeat a specific section within a track	1) Press REPEAT/REPEAT A-B twice to select the start point. 2) Press REPEAT/REPEAT A-B again to select the end point. • To resume the normal play, press REPEAT/REPEAT A-B.
	Skip to a title or chapter	1) Press GOTO. 2) Press ▲ / ▼ to enter the title/chapter number. 3) Press OK to confirm.

Control and play

Media	Function	Buttons / Actions
	Skip to a track	1) Disable PBC. 2) Press GOTO . 3) Press ▲ / ▼ to enter the track number. 4) Press OK to confirm.
	Search backward/forward fast	Press ◀◀ / ▶▶ repeatedly to select a speed.
	Search forward slowly	Press ▲ repeatedly to select a speed.
	Search backward slowly	Press ▼ repeatedly to select a speed.
	Zoom in or out	Press  • To pan through an enlarged photo or video image, press ▲ / ▼ / ◀◀ / ▶▶.
	Rotate a photo	Press ▲ / ▼ / ◀◀ / ▶▶.
	Switch between Fun Mode (pictures in color) and Simple Mode (pictures in black and white)	Press DISC MENU during photo slideshow.

Photo and music slideshow

- 1 Press ▲ / ▼ to select , and then press **OK**.
↳ All supported folders and files are listed.
- 2 Press ▲ / ▼ to select a music file, and then press **OK** to start playing.
 - If the music file is saved in a folder or sub-folder, access its directory first.
- 3 Press ▲ / ▼ to select a picture file, and then press **OK** to start the slideshow.
 - If the picture file is saved in a folder or sub-folder, access its directory first.
 - To stop the slideshow, press .
 - To stop the music, press  again.

Note

- Music and picture files must be stored on the same disc or USB storage device.
- If a large number of files are compiled onto one disc or USB storage device, it requires longer time to read and display the content.
- This player can only display digital camera pictures with JPEG-EXIF format, which is widely used in digital cameras. It cannot display Motion JPEG, nor pictures in formats other than JPEG. Sound clips associated with pictures cannot be displayed either.
- If a JPEG picture is not recorded as an "exif" type file, its thumbnail picture is displayed as "blue mountain".

Convert audio CD to MP3 files

Follow the on-screen instructions to complete the process.

↳ The created MP3 files are saved in a folder named “_PHILIPS”.

Note

- DTS CDs and copy-protected CDs cannot be converted.
- A write-protected or encrypted USB storage device cannot be used to store MP3 files.

Options

During play, press **:≡OPTIONS** to access the following items.

Media	Setting item	Function
	[Info]	Display the play information.
	[PBC]	Enable or disable PBC.
	[Aspect ratio]	Select a display ratio of picture on TV.
	[Volume]	Adjust the volume level.
	[Angle]	Select an available camera angle.
	[Colour]	Select Fun Mode (photos in color) or Simple Mode (photos in black and white).
	[Photo preview]	Display the thumbnail of photos.

Setup

General	Disc Lock	• Unlock
	OSD Language	• English
Video	Sleep Timer	• Off
	Auto Standby	• On
Audio		
Preference		

- Press ▲ / ▼ to select a menu item or setting option.
- Press **OK** to access the lower-level menu or confirm the selected setting option.
- Press **↶ BACK** to return to the upper-level menu.

Note

- When a menu item is grayed out, it means that its setting cannot be changed at the current state.

General setup

 General	Disc Lock	• Unlock
	OSD Language	• English
 Video	Sleep Timer	• Off
	Auto Standby	• On
 Audio		
 Preference		

[Disc Lock] - Restrict the play of a disc (maximum 20 discs can be locked).

- **[Lock]** - Lock the current disc. To play or unlock this disc, you must enter the password.
- **[Unlock]** - Play all discs.

[OSD Language] - Select a language for on-screen menu.

[Sleep Timer] - Set a period of time for the player to switch to Eco-power standby mode automatically.

[Auto Standby] - Enable this feature to automatically switch to Eco-power standby mode after 15 minutes of inactivity.

Play a locked disc

When you load a locked disc, **[Please enter password]** is displayed, and "0" is displayed as the first digit of the password.

- 1 Press ▲ / ▼ to set a value (0 to 9) to the first digit.
- 2 Press ►►.
- 3 Repeat steps 1 and 2 to enter the 6-digit password.
- 4 Press **OK** to confirm.

Tip

- Refer to **"Setup" > "Preference" > [Password]** for how to change the password.

Setup

Video setup

General	TV System • NTSC
	Aspect Ratio • 4:3 Pan Scan
Video	Progressive • Off
	Picture Setting • Standard
Audio	Closed Caption • Off
Preference	

[TV System] - Select a TV system that matches your TV. By default, this setting matches common TVs in your country.

[Aspect ratio] - Select a display ratio that matches your TV screen.

[Progressive] - Enable or disable the progressive scan mode on this player.

[Picture Setting] - Select a predefined setting for picture color, or customize the setting.

[Closed Caption] - Enable this feature to show the sound effects in subtitles. Applicable only to discs with Closed Caption information included and the TV that supports this feature.

Audio setup

General	Analogue Output • Stereo
	Digital Audio
Video	Volume
	Sound Mode
Audio	Night Mode • Off
Preference	

[Analogue Output] - Adjust this setting for audio output through **AUDIO OUT L/R**.

- **[Stereo]** - Compress multi-channel Dolby digital sound to stereophonic sound.
- **[LT/RT]** - Compress multi-channel Dolby digital sound to 2-channel surround sound.

[Digital Audio] - Adjust this setting for audio output through **COAXIAL/DIGITAL OUT**.

- **[Digital Output]** - Select a type of digital output.
 - **[Off]** - Disable digital output.
 - **[All]** - Support multi-channel audio formats.
 - **[PCM Only]** - Downmix to two-channel audio signal.
- **[LPCM Output]** - Select the LPCM (Linear Pulse Code Modulation) output sampling rate.

Note

- **[LPCM Output]** setting is changeable only when **[Digital Output]** is set as **[PCM Only]**.
- The higher the sampling rate, the better the sound quality.

[Volume] - Set the default volume level.

[Sound Mode] - Select a preset sound effect.

[Night Mode] - Equalize loud sound and soft sound. Enable this feature to watch DVD movies at a low volume at night.

Note

- Applicable to Dolby Digital encoded DVD discs only.

Preference

	General	Audio • English
		Subtitle • Off
	Video	Disc Menu • English
		Parental Control • 8 Adult
	Audio	PBC • On
		Password • Change
	Preference	Version Info
		Default

[Audio] - Select an audio language.

[Subtitle] - Select a language for subtitle.

[Disc Menu] - Select a language for disc menu.

Note

- For some DVDs, the subtitle or audio language can only be changed from the disc menu.
- For a language that is not listed, select **[Others]**. Check the list of language codes (see "**Language Code**"), and then enter the respective language code. (Refer to "**Setup**" > "**General setup**" > "**Play a locked disc**" for how to enter the 4-digit code)

[Parental Control] - Select a rating level to restrict the play of discs to children. These discs must be recorded with rating levels.

Setup

Note

- To play a DVD disc that has a rating level higher than your setting, enter the password first. (Refer to "Setup" > "General setup" > "Play a locked disc" for details)
- The rating levels are country-dependent. To allow all discs to be played, select **[8 Adult]**.
- Some discs have ratings printed on but are not recorded with ratings. This function has no effect on such discs.

[PBC] - Enable or disable the PBC (playback control) feature.

[Password] - Change the password for playing discs that are locked or restricted with rating levels.

Note

- If you forget the password, enter "136900" before you set a new password.

Change the password

- 1 Select **[Preference]** > **[Password]** > **[Change]**, and then press **OK**.
↳ The interface for changing password is displayed.
- 2 Press **OK** again.
↳ "0" is displayed behind **[Old Password]** as the first digit of old password.
- 3 Press **▲** / **▼** to set a value (0-9) to the first digit.
- 4 Press **▶▶**.
- 5 Repeat steps 3 and 4 to enter the 6-digit old password.
- 6 Repeat steps 3 and 4 to enter the new password behind **[New Password]**.
- 7 Repeat steps 3 and 4 to enter the new password behind **[Confirm PWD]**.

[Version Info] - Display the information about software version of this player.

[Default] - Reset all settings to factory default, except for the settings for **[Disc Lock]**, **[Parental Control]**, and **[Password]**.

Software update

Note

- Power supply must not be interrupted during software update.

Check the current software version of this player; and then go to the Philips website for information about software update.

Check the current software version

- 1 Press .
- 2 Select , and then press **OK**.
- 3 Select **[Preference] > [Version Info]**, and then press **OK**.

- 4 Write down the last two digits "XX" behind **[Version]** (for example, "14" in the graphic above).
↳ The version of current software is VXX.

Perform the update

- 1 Go to www.philips.com/support.
- 2 Search for support information with "DVP3820/55" as the keywords.
- 3 Click the search result to display available support information.
- 4 Read the Firmware Upgrade Readme File and follow the instructions to complete the software update.

Troubleshooting

Warning

- Risk of electric shock. Never remove the casing of the player.

To keep the warranty valid, never try to repair the player yourself.

If you have problems using this player, check the following points before you request service. If you still have a problem, register your player and get support at www.philips.com/welcome.

If you contact Philips, you will be asked for the model and serial number of this player. The model number and serial number are on the back of this player. Write the numbers here:

Model No. _____

Serial No. _____

No picture.

- Refer to the TV user manual for how to select the correct video input channel.
- Switch to the default mode if the progressive scan setting or the TV system setting is changed.

No sound output from the TV.

- Make sure that the audio cables are connected to the audio input sockets that are grouped with the selected video input sockets.

Disc or USB storage device cannot be read.

- Make sure that this player supports the disc or USB storage device. (Refer to "**Specifications**" > "**Playable media**")
- For a recorded disc, make sure that the disc is finalized.

Recorded files (JPEG, MP3, WMA) cannot be played or read.

- Make sure that the file was recorded in the format of UDF, ISO9660, or JOLIET.
- Make sure that the number of files does not exceed the limitation (648 files maximum).
- Make sure that this player supports these files. (Refer to "**Specifications**" > "**Playable media**")
