- 12NC: 908210006422

Highlights

Home entertainment zapper

With this zapper you can instantly control all the basic functions of your TV and DVD player/recorder. Now it's much easier and much more fun to watch a DVD or flick through your TV channels.

Ergonomic design

The smooth rounded shape fits perfectly in your hand for natural, balanced operation. It looks great too!

Learning capability

To have all the functions of your original remote available you can copy the signal transmitted from the original remote. It is then stored in the memory of the Universal remote control.

Auto brand search

Getting your new remote control working is simply a case of having your remote automatically search for the most suitable code for your equipment.

Pre-programmed for Philips

If you have Philips equipment, you can use your universal remote control without programming it because all keys are pre-set for Philips.

Online URC service

Dedicated support service for your remote control whereby all codes for all brands are available via the Philips URC website.
