- Full Resume on Power Loss
- Car adaptor included

PHILIPS

Portable DVD Player
17.8 cm (7") LCD

PD700/37

Highlights

18 cm/7" TFT color LCD (16:9)

The color LCD display brings images to life, showing off your treasured photos, favorite movies and music with the same 'real life' rich detail and vibrant colors as high quality prints. The 16:9 widescreen aspect ratio is standard for universal to high-definition digital television. A native 16:9 aspect ratio means video display without bars at top and bottom of the picture and without the quality loss than comes from scaling, altering an image to fit on a different screen size.

DVD, DVD+/-RW, (S)VCD, CD

The Philips Portable DVD player is compatible with most DVD and CD discs available in the market. DVD, DVD+/-R, DVD+/-RW, (S)VCD, and CD – all of them can play on the DVD player. DVD+/-R is a shorthand term for a DVD recordable DVD formats. Likewise, DVD+/-RW handles both common rewritable disc types.

View JPEG from picture disc

Play JPEG photos that are saved on your disc. Relive your favorite moments with family and friends anytime you want!

Power Resume

The DVD-Video player remembers where you stop watching last time when it is powered off directly or when the power supply discontinued. If you did not switch to play another disc, your player will resume play where you have stopped the movie last time just by reloading the disc. Making your life a lot easier!
