# Highlights

## Play and charge your iPod

Enjoy your favourite MP3 music while charging your iPod! The dock lets you connect your iPod directly to the Docking entertainment system so you can listen to your favourite music in superb quality. It also charges your iPod while it plays so you can enjoy your music and not have to worry about your iPod battery running out. Use the remote control to navigate, select and playback the music stored on your iPod. The Docking entertainment

system automatically charges your iPod while it is docked.

## Play DVD, DivX and MPEG4

With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD

players, DVD Recorders and Home Theatre Systems.

## SD/MMC card slot for movies

View and share your video clips, photos and music — easily and instantly. For ultra convenience, the player features a built-in card slot for SD/MMC memory cards. Simply insert the memory card into the slot located on the side of the player to access your multimedia files stored on the card.
