

# PHILIPS

Digital TV antenna

Indoor/outdoor

40 dB amplified

SDV8622

## Enhanced digital reception

### 40 dB Amplified antenna

This indoor/outdoor amplified antenna offers excellent digital and analogue reception. Its compact design and various mounting options make it easy to install. Check the set top box owner's manual for powering options.

#### **Protects against signal loss**

- Noise reduction filter against signal loss

#### **Customise the appearance**

- Weatherproof, paintable surface for customisation

#### **Easily installation anywhere**

- Extremely compact design for easy installation
- Various mounting options for easy installation

#### **Maintain the quality of your signal**

- Boost your signal with up to 40 dB amplification

#### **Environmentally friendly**

- PVC/BFR free to respect the environment

# Highlights

## 40 dB amplification

Up to 40 dB amplification boosts weak signals, expanding your reception range and allowing you to receive more signals over a greater distance.

## Extremely compact design

The compact panel design of this antenna allows easy placement indoors or outdoors.

## Various mounting options

Various mounting options (mast, wall and railing) are available for this antenna to allow you to position it easily at home.

## Weatherproof and paintable

Weather resistant, paintable surface to match your indoor or outdoor decor.

## Noise reduction filter

Noise reduction filter to protect against signal loss

## PVC/BFR free

This product does not contain PVC and BFR materials, which helps protect the environment.
