Bluetooth® v5.0

Noise and echo cancellation

No more of those annoying echoes when you are talking on the phone. With our acoustic echo cancellation, you always get a clear, undisturbed connection.

For booming sound & power

The speaker driver is made of a composite mylar material for a highly sensitive yet powerful element that enables superior power output, delivers high-fidelity sound without any audible distortion.

Mono mode

Mono mode for when you want to leave one ear free

Passive noise isolation

The perfect, snug fit inside your ear stops unwanted background noise detracting from the pure pleasure of your favorite music. This means you still enjoy the headphones' superb sound quality at lower volume settings, and also benefit from a longer battery life.

Smart Bluetooth pairing.

These earphones are ready to pair the instant you take them out of their charging case. Once they're paired, the earphones remember the last device they were paired with.

Comfortable and secure

You can rock your sounds in real comfort thanks to the snug-fitting, lightweight design. The soft rubberized wing tips fit securely under the fold of your outer ear. Interchangeable rubber ear-tip covers let you find the perfect in-ear fit-creating a tight seal so you won't miss a beat.

Stay comfortable.

An oval acoustic tube and three sizes of interchangeable rubber earbud covers create a perfect seal. Enjoy all-day listening comfort and excellent passive noise isolation.

Voice assistant

Wake your phone's voice assistant without having to touch your phone. Ask the Google Assistant or Siri to play some music, call or send messages to friends, check the weather, and more.
