## Highlights

### Quick milk flow\*

Express more milk in less time\* with a flange that stimulates the breast to express milk just like a baby. With a gentle latch-on and just the right massage and suction, it's no surprise that 97% of moms say the pump is effective. \*\*\*\*

### Adapts to your nipple

Whatever your shape, the pump's soft, flexible silicone cushion fits your breast and nipple comfortably. Fitting 99.98% (up to 30mm) of breast sizes\*\*, it adapts for a latch-on that's soft yet secure.

### Sit comfortably

Feel relaxed as you express thanks to a design that lets you sit upright rather than having to lean forward. Clinically proven comfortable expressing position\*\*\*.

### Find the right nipple flow

Every baby feeds differently, and develops at their own pace. We've designed a range of flow rates so you can find the perfect one for your baby and personalize your bottle. All of the Natural Response Nipples are made of soft silicone.

### Personalize to your needs

Get the most from every session with 8 modes for stimulating the flow of milk and 16 modes for expressing it. You can fine-tune as you go.

### Clean and setup easily

We designed our pump to be free from complexity. So with few parts it's also a breeze to clean and assemble.

### Express anywhere discreetly

Our pump's motor is practically silent in use. So you can express at home (or anywhere) discreetly, and with one less distraction.

### Save your favourite settings

The memory function automatically stores your last stimulation and expression settings. So, all you need do is get comfortable and push start.

# Highlights

### Pause whenever you like

You're in control. With one-touch pause/play, you can take a break from your session and then resume it whenever you're ready.

### Breast pump bag and pouch

Wherever you pump, the custom-fit pouch takes you there, keeping your kit insulated and neatly bundled together. The stylish fabric is easy to clean, inside and out.

### Explore our bottle range

Our bottles are available in different sizes to better suit your baby's needs. Choose from a range of options to find the perfect fit for your little one, ensuring comfort and convenience at every stage.
