

# PHILIPS

Push pull lock

7000 series

Intuitive push-pull use

Auto locking function

Indoor infrared sensor unlock

DDL702SLAGCW

## Touch to unlock

Way easier with Wi-Fi connection

Wi-Fi connection enables you to check the access records without space constraints. Indoor infrared sensor unlocking, auto-locking, etc., which can make your life easier.

### **Smart life lock with excellence**

- Easy access to the Internet
- The door will open when the hand is detected

### **Upgraded smart chip enhances home security**

- Verification combination provides double security
- Effectively reminds security risks

# Highlights

## Built-in Wi-Fi module

A built-in Wi-Fi module allows you to connect to the Wi-Fi without a gateway. You can check the smart lock access records and PIN code information via the Philips EasyKey app anywhere. Remote distribution of a one-time PIN code saves more time for your visitors. You don't need to worry about keeping them waiting at the door for a long time even if you are not at home.

## Indoor infrared sensor unlock

With a touch sensor and an infrared sensor on the handle, the door could be opened much easier. Once the hand touches the touch sensor and the infrared sensor detects the obstruction, the lock will open.

## Dual verification

In the dual verification mode, you could open the door with any two verification methods (fingerprint, PIN code, and key tag), which provides double protection for home security.

## Outside forced lock

Before leaving home, you can touch the outside forced lock button to enable the function. In this mode, opening the door from inside will trigger an alert. This feature can effectively remind you of security risks and upgrade the level of home security.

# Specifications

## Design & Appearance

Color: Red copper

Handle: Push-pull handle

## Power Specification

Power Supply: 4 AA batteries

Battery Type: Alkaline Batteries

Time of Use: 10 months\*

Maximum Batteries Capacity: 8 batteries

## Smart Lock Functions

Mortise: C grade lock cylinder

## Installation

Door Thickness: 38-60 mm, 60-90 mm, 90-120 mm, Other range\*

## Accessory Parts

Mechanical Key: 2

Smart Key Tag: 2
