Shaver series 9000

Skin-level closeness

Dual SteelPrecision blades

Pressure Guard sensor

360 D Flexing heads

S9974/35

## Superior closeness\*, personalised skin comfort For superior closeness, even on a 5-day beard

Discover the world's most intelligent shaver powered by AI, Philips Shaver Series 9000. Cuts at skin level with Lift & Cut shaving system, while SkinIQ technology gives real-time pressure feedback to protect your skin.

### A closer shave

- Cuts hair in every direction with 360-degree rotating blades
- Skin-level closeness with Lift & Cut shaving system
- Adapts to your contours with 360 degree Flexing Heads

### SkinIQ technology

- 30% smoother\*\*\* gliding with Protective SkinGlide Coating
- Always the optimal pressure with the Pressure Guard Sensor
- Adjusts to your beard density with Power Adapt Sensor

### For a convenient shave

- One-touch open for easy cleaning
- 60 minutes of cordless shaving once fully charged
- Effortless charging with convenient stand available to hand.
- Enhance your shaving experience with the Philips Shaving App
- Precision trimmer integrated in the handle
- Choose a convenient dry or refreshing wet shave

# Highlights

## Lift & Cut System

Our patented, unique Lift & Cut rotary technology lifts the hair gently out of its root before cutting it precisely at skin level close (up to 0.00 mm to the skin) without the blades even touching your skin.

## Dual SteelPrecision blades

Philips rotary shavers are specifically designed to match your natural hair growth, capturing all of the hairs growing in any direction thanks to 360 degree rotating blades. With up to 150,000 cutting actions per minute, the Dual SteelPrecision blades cut more hair per stroke\*\*

## Pressure Guard sensor

Using the right pressure is key for closeness and skin protection. Advanced sensors in the shaver read the pressure you apply, and the innovative light signal shows when you are pressing too hard or too little. For a personalised shave that is just right for you.

## 360 D Flexing heads

Designed to follow the contours of your face and even the neck, this Philips electric shaver has fully flexible heads that turn 360 for a thorough and comfortable shave.

## Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 250,000 micro-tech beads per square centimetre, the coating improves gliding by 30%\*\*\* to minimise irritation.

## Power Adapt sensor

The electric shaver has an intelligent facial-hair sensing technology that reads hair density 500 times per second. The Power Adapt Sensor auto-adapts the cutting power for an effortless and gentle shave.

## Personalisation via app

Perfect your shave by pairing your shaver with the Philips Shaving App\*\*\*\*. Shave by shave, track the progress of your skin, personalise your shave and master your technique for a shave that's as close as it is kind to skin.

## One-touch open

Clean the shaver with ease. At the touch of a button, flip open the shaver head and rinse with water.

## Wet and Dry

Adapt your shaving routine to your needs. With Wet and Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam, even under the shower.

# Specifications

## Accessories

**Pouch:** Travel case

**Integrated pop-up trimmer**

## Power

**Charging:** 1 hour full charge, 5-min quick charge

**Battery type:** Li-Ion

**Run time:** 60 minutes

## Design
