1 Connect

Connect the base station

1 Connect each end of the power adapter to:
  • the DC input jack at the bottom of the base station;
  • the power socket on the wall.
2 Connect each end of the power adapter to (for multi-handset packs):
  • the DC input jack at the bottom of the extra handset charger.
  • the power socket on the wall.
3 Connect each end of the line cord to:
  • the telephone socket at the bottom of the base station;
  • the telephone socket on the wall.
2 Install

Install the handset

1 The batteries are pre-installed in the handset. Pull the battery tape off from the battery door before charging.

2 Place the handset on the base station to charge the handset. When the handset is placed correctly on the base station, you hear the docking sound.

↳ The handset starts charging.

Note Charge the batteries for 16 hours before first use.

Configure your phone (if necessary)

1 When you see the welcome message, press **OK**.
2 Select your country, press **OK** to confirm.
3 Set the date and time.
   ↳ If the time is in 12-hour format, press ⬆/⬇ key to select **[AM]** or **[PM]**.
   ↳ The phone is now ready to use.

Check the battery level

When the handset is off the base station/charger, the bars indicate the battery level (full, medium and low). When the handset is on the base station/charger, the bars keep scrolling until charging completes.

The empty battery icon flashes and you hear an alert tone.
The battery is low and needs recharging.
