# Highlights

## Superior shielding

Superior shielding maximizes data transfer by guarding against external radio frequency noise.

## Corrosion-resistant connectors

Compressed brass with 24K gold-electroplated connectors creates a secure and extremely durable connection that optimizes signal quality and delivers the best picture and data transfer.

## Twisted pair design

Twisted pair cable design reduces cross talk for clearer signals.

## Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.
