# Highlights

## Natural Motion Technology

Enjoy the gentle comfort of the Philips Avent portable manual breast pump. With Natural Motion Technology, inspired by baby's own suckling action for a quick letdown. You can easily adjust the rhythm and vacuum.

## Adaptive silicone cushion

The silicone cushion gently flexes and adapts to fit your unique nipple's size and shape. Fits 99.98% of all nipple sizes.

## Sit comfortably

Relax and sit comfortably while you express – thanks to our design that lets you sit upright, rather than having to lean forward.

## Portable and easy to use

The breast pump is small and lightweight, which means it is easy to store and transport, making pumping on the go simple and discreet.

## Easy to clean and set up

Because there are only a few parts, our new pump is easy to set up and clean.

## Includes our Natural bottles

The wide, breast-shaped teat promotes natural latch-on similar to the breast, making it easy for your baby to combine breast and bottle feeding.
