Highlights

Natural Motion Technology

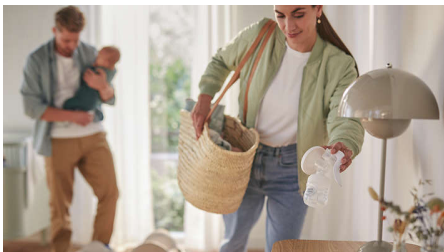

Enjoy the gentle comfort of the Philips Avent portable manual breast pump. With Natural Motion Technology, inspired by baby's own suckling action for a quick letdown. You can easily adjust the rhythm and vacuum.

Adaptive silicone cushion

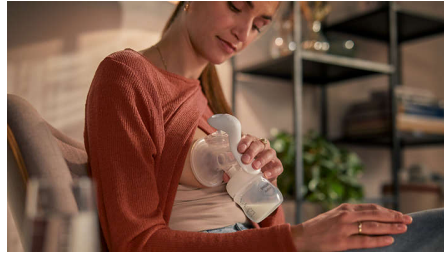

The silicone cushion gently flexes and adapts to fit your unique nipple's size and shape. Fits 99.98% of all nipple sizes.

Portable and easy to use

The breast pump is small and lightweight, which means it is easy to store and transport, making pumping on the go simple and discreet.

Sit comfortably

Relax and sit comfortably while you express - thanks to our design that lets you sit upright, rather than having to lean forward.

Sterilise in just 2 minutes

The microwave steam steriliser can be used to sterilise baby bottles and other products in just 2 minutes, killing 99.9% of germs and bacteria. The exact length of the cycle depends on the wattage of your microwave, of course. 2 minutes at 1200-1850 W, 4 minutes at 850-1100 W, 6 minutes at 500-800 W

Kills 99.9% of germs

The microwave steam steriliser is proven to kill 99.9% of germs and bacteria.

Includes our Natural bottles

The wide, breast-shaped teat promotes natural latch-on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

Includes ultra soft soothers

Take care of sensitive skin with the Philips Avent ultra soft soother. Our flexible shield follows the curves of your baby's cheeks, leaving fewer marks and less irritation for more comfortable soothing.
