DDL210C25KN0

Keyless access

Worry free and convenient

This lock provides you the option to secure your home without any keys. Unlock your door with just a PIN code. You can also share one-time PIN codes easily with your family members and friends, with no Bluetooth or Wi-Fi required.

Dedicated design for perfection

- Sleek design decorates your front door
- Easy installation with just a screwdriver

User-friendly

- Ultra-long battery life ensures constant door security
- Keyless access lets you unlock your home more conveniently
- Simply share access anytime, anywhere
- Voice guide assists with setting up your lock

Safety as standard

- Multiple alert functions guard your home

PHILIPS

Electronic deadbolt
Keyless PIN code, One-time PIN code, Easy assembling

DDL210C25KN0/37

Highlights

Sleek design

Modern design fits your door. High quality touchscreen keypad, available in multiple finishes. This digital door lock improves doors of any style.

Multiple alert functions

This electronic door lock is equipped with a lockout alarm, a low battery alert, away mode for vacations, privacy mode and other security features to ensure the safety of your home at all times. Safer and more secure, Philips electronic deadbolt brings a new smart experience.

Ultra-long battery life

This electronic door lock consumes little power and lasts up to 1 year* with 4 AA

alkaline batteries. When the batteries run low, a low battery alert will remind you to change your batteries, preventing a lockout.

Keyless access

This lock stores up to 20 permanent PIN codes. It's much easier to unlock your door with the PIN code than with a key. The key-free lock allows you not to carry keys anymore, and there are no keys to lend or lose.

Simple sharing

Works with the Philips Home Access app to generate a one-time PIN remotely without a Wi-Fi bridge or Bluetooth connection. You can easily share unlimited one-time PIN codes for your home with friends, family members, or anyone you want.

Easy installation

The door lock installs in minutes with just a screwdriver and is suitable for most standard door preps.

Voice guide

Voice guidance guides you through the configuration of the lock without the need for an instruction manual. English, French, and Spanish voice guides are available.
