- Input water quality: Municipal tap water
- Input water temperature: 2-38 °C
- Input water pressure: (atmospheric) 0-1 bar

General specifications

- Replacement filter cartridge: AWP225

- Water flow rate: 1L/min*
- Color: Bright white
- Filter lifetime: 1 month
- Product Dimension (LxWxH): 233*152*263 mm
- Water tank capacity: 3L
- Filter quantity: 3-pack
- Battery capacity: 1800mAh
- Battery: Rechargeable lithium battery

Country of origin

- Filter cartridge: Made responsibly in China
- Instant water filter: Made responsibly in China

AWP2980WH3/37

Highlights

1

Great tasting water at a fraction of the cost and waste of bottled water.

3L large volume water tank

Less frequent refill - up to 3L of water per refill, which is 2X of a pitcher*

Flip top lid for single-handed refill

Flip top lid for single-handed refill.

Turns tap water into crisp and pure tasting water

Powered by the innovative activated carbon fiber, which has more efficient absorption due to its highly porous structure, Micro X-Clean Instant filter achieves 4X faster flow than a filter pitcher*, while maintaining the same filtration performance.

Prolongs the lifetime of kitchen appliances

Prolongs the lifetime of kitchen appliances by preventing limescale build-up.

Instant filtration with a simple touch

Fresh water enjoyed instantly, at the simple touch of a button.

Type-C USB rechargeable

Rechargeable with type C USB cable, each fully recharge last up to 1-month battery life.

Usage-based filter lifetime indicator

Dual filter-replacement signal system based on actual filtration volume and usage period.
