Highlights

MP3 video recording

MP3 video recording (4:3) up to 50 frames per second. High-quality MPEG4 video playback (up to 10 frames per second). Package includes: Earpiece, Display, USB cable, Deluxe stereo headset, A/V TV Link

Up to 14 hours talk time

The phone can support up to 14 hours conversation on a single charge.

TV a/v and slide show link

You can share the fun of viewing snapshots and videos with your friends and family by watching your clips on TV. Simply connect your phone to a TV via the TV-link cable to view your pictures and videos on the big screen.

SD card expansion slot

Enjoy the convenience and fun of accessing more capacity to store pictures, videos and MP3 music files on your phone by inserting an SD card into the phone's built-in SD card slot.

Handwriting recognition

The intuitive and fast way to write text messages. Simply write on the touch screen as you would write on a piece of paper to have the phone convert your handwriting into an SMS (Short Message Service) text message. The feature has built-in handwriting recognition capability in both Chinese (traditional and simplified) and English (Roman alphabet).

Tag-it

Use Tag-It messaging to personalize and heighten the emotion of any picture with your own handwriting, drawings, or effects using the touch screen and integrated stylus, then easily share with friends via MMS (Multimedia Messaging Service) or infrared.

Touch screen

Use the touch screen and integrated stylus to switch to an interface that is simple, intuitive, and comfortable to use. The easy-to-use touch screen lets you quickly navigate menus, write SMS, personalize and give emotion to your pictures, play games, and access other applications.

Large 262K color TFT display

Put the fun and excitement of the most vivid and colorful graphics and photos right at your fingertips with the large 262K color display that features excellent image quality and response time.

MP3 playback and ringtones

Use the data cable or an external memory card to transfer MP3 music files to your phone for a superior audio experience on the go. You can also personalize your ringtone with a selection from your MP3 files.
