Highlights

MP3 player

Your mobile phone with MP3 player enables you to enjoy high quality music all in one device. You can transfer your favorite MP3 hits and listen to them on the go.

High-quality video recorder

Capture excitement at the speed of life wherever you go with this intuitively designed, high-quality video recorder with 30 frames-per-second recording capacity that works like a premium camcorder.

Up to 14 hours talk time

The phone can support up to 14 hours conversation on a single charge.

Mini SD card expansion slot

Store more of the pictures, videos, and music files that matter to you by inserting a mini SD card into the built-in expansion card slot of your phone.

Fashion-forward design

When you want a fashion-forward phone to show the world your style, the sleek, modern design and premium finish set this phone apart from the ordinary.

Large 262K color TFT display

Put the fun and excitement of the most vivid and colorful graphics and photos right at your fingertips with the large 262K color display that features excellent image quality and response time.

MMS video

MMS video lets you record and share exciting multimedia messages with your friends and family just by attaching a video clip.

Bluetooth

Bluetooth technology allows easy wireless connection to other Bluetooth devices on the go. Enrich your mobile multimedia experience by using your Bluetooth headset, easily and quickly sharing files or synchronizing personal data to and from your phone.

USB connectivity

Use a standard USB cable to directly and easily transfer pictures, videos, music files, and other data between your phone and PC.

Infrared

Infrared is the simplest wireless technology for information exchange at close range, allowing easy sharing of images, backgrounds, songs, and phonebook contacts with friends and family and enabling wireless access to the internet through your PC.
