- BPA free

Highlights

Swappable teats

Grow teats mimics the feel of mum's breast and is compatible with all Grow bottle sizes. It is part of our range of teats that cover baby's whole feeding journey - letting you steadily increase flow rate as your child gets older.*

4 sizes

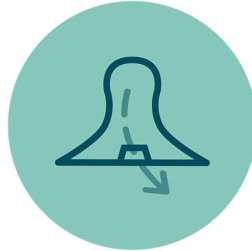

All Grow teat sizes are compatible with all Grow bottle sizes, so you can swap teat or bottle as needed depending on the flow rate you require. Teat sizes available in 0m+, 1m+, 3m+, 6m+

Flexible teat

A range of innovative teat designs available to fit your baby's feeding needs. Start with the soft, flexible teat that mimics the feel of mum's breast. As your baby grows, progress to the bite-resistant flexible teat, to cater for teething.

Anti-colic design

Innovative design diverts air away from your baby's stomach and reduces discomfort.

BPA free

The Philips Avent Grow bottles and teats are made of BPA-free material.
